About Me

I am a passionate and dedicated computer science graduate with a strong foundation in web development, programming, and teaching. I am proficient in technologies such as HTML, CSS, JavaScript, Node.js, and MongoDB, and I regularly update my GitHub with projects that reflect my technical abilities. My teaching experience has honed my ability to simplify complex concepts, making them accessible to diverse audiences. My passion is exploring emerging fields such as Blockchain and continuously broaden my skills to contribute effectively to both technical and educational roles.
